Isabelle BOUDINEAU - Vice-President in charge of Europe and International affairs – Nouvelle-Aquitaine Region

Representative of PLATFORMA

13.00 Luncheon cocktail

The French Association of the Council of European Municipalities and Regions (AFCCRE) has decided to organize conference with a European dimension aiming at exchanging and collecting experiences and practices of people working on the ground for local authorities and for associations in Development Education-Awareness Raising programmes. This Conference is a partnership with the Nouvelle-Aquitaine Region, the Delegation to the External action of local authorities of the French Ministry of Europe and Foreign affairs, the Regional multi-stakeholders network SO-Cooperation, in the framework of the strategic partnership with Platforma.

It is the follow-up of the AFCCRE-PLATFORMA initiative launched in 2015 with the support of the Centre-Val de Loire Region. The collection of these experiences and actions will allow the publication of an evolutive toolkit facilitating the spreading of innovative and efficient ideas to the interested public.
