

## **CIB Webinar on Gender: Using data to advance gender equality**

Date: November 4<sup>th</sup>, 2020

Time: 15:30 – 17:00 CEST

Spoken language: English - with French and Spanish interpretation

Register [here!](#)

Moderator: **Pascal Lavoie** - Director of Programs, Federation of Canadian Municipalities (FCM)

We are excited about this second 2020 CIB Webinar on Gender which will focus on gender in international programming, specifically geared towards the exploration of the use of data to advance gender equality in international programming.

### **15:30 – 15:40 Openings remarks by CIB secretariat and moderator Pascal Lavoie**

#### **15:40 – 15:55 Gendered Impacts of COVID-19 by Sarah Vieux (UCLG)**

Since the outbreak of the pandemic UCLG, Metropolis and UN-Habitat have launched the #BeyondtheOutbreak initiative with live learning experiences on the impacts of COVID-19 on the local level. In this first contribution some of the gendered impacts of the crisis will be shared by Sarah Vieux, communication director - Committee on culture of UCLG. We will dive into these impacts on Asia and Africa in particular.

#### **15:55 – 16:15 Disaggregated data in gender activities by dr. Marija Risteska**

Building on the opening contributions dr. Marija Risteska will further delve into the topic at hand. Having over 15 years of professional experience working on all aspects of gender, as well as specifically having affinity and experience in the field of (disaggregated) data collection, in terms of collection of such as well as the applicability of such data for different activities, we are happy she will be joining and sharing such insights.

### **16:15 – 16:20 Discussion and Exchange**

#### **16:20 – 16:40 Measuring Gender Impact and Outcome by dr. Tom Aston**

Tom Aston is an independent consultant specialised in participatory methods for monitoring and evaluation. He has worked as a consultant for a number of international development organisations, including CARE, World Vision, Oxfam, the World Bank and the Overseas Development Institute. Gender is one of the topics he has been actively working with over the last years. He has a PhD in Development Planning from the University College London – and will share experiences with methods and tools like Outcome Mapping and Harvesting to measure gender.

### **16:40 – 17:00 Discussion, exchange and wrap-up**

The Zoom log-in details will be provided via e-mail.
